INVITATION

WHAT: Ocean Conference side event

Collaboration in Public Private Partnership for a Sustainable Maritime Future

WHERE: Conference Room 12 in the UN Conference Building

WHEN: 8 June 2017 9:00 - 10:30 am

This Ocean Conference side event will demonstrate the importance –of exploring the potential of public-private partnerships in establishing both solutions to marine environmental problems and business opportunities. Especially reaching the SDG14 as well as related goals and targets for sustainable shipping can be facilitated by public-private partnerships.

Integrated regional approach may also be facilitated in addressing problems of the oceans and seas by using the best available knowledge and technology, acting at the most suitable scale and establishing effective mechanisms for cross-sectorial cooperation.

Organizers:

Ministry of Transport and Communications of Finland
Finnish Transport Safety Agency
Cruise Lines International Association (CLIA)

Norsepower Oy Ltd
Wärtsilä Corporation
World Maritime University(WMU)
WWF

Programme:

Moderator of the event: Dr. Anita Mäkinen/Finnish Transport Safety Agency

Opening address by Ms. Hannele Pokka, Permanent Secretary of the Ministry of Environment, Finland

Opening remarks by Mr. Mattias Landgren – State Secretary to the Minister for Infrastructure, Ministry of Enterprise and Innovation, Sweden

Opening remarks by Dr. Stefan Micallef, Director, Marine Environment Division, IMO

Presentations

- Case 1 Eutrophication - Waste water from cruise ships by Ms. Monika Stankiewicz / Baltic Marine Environment Protection Commission (HELCOM) & Mr. David Brown/Cruise Lines International Association
- Case 2 GHG emissions - Wind propulsion / Rotor Sails as a technical solution for green shipping by Mr. Tuomas Riski / Norsepower Oy Ltd
- Case 3 Air emissions (NOX, SOX) - Selective catalytic reduction, LNG and dual fuel engines as Technological solutions for green shipping by Wärtsilä – VIDEO presentation
- Case 4 Roadmap towards a truly Sustainable Blue Economy by Dr. Liisa Rohweder / WWF
- Case 5 Educating the next generation of leaders in light of the SDGs and Goal 14 by Professor Ronán Long / World Maritime University (WMU)

Panel discussion involving audience on solutions for sustainable shipping in Public Private Partnership.

Closing remarks
