

# Protect Baltic

## *Restoration workshop*

Lasse Kurvinen & Anette Bäck,  
Metsähallitus Parks & Wildlife Finland

*Baltic Stakeholder Conference 2024  
Hanaholmen, Espoo, Finland*

The PROTECT BALTIC Baltic project is funded by the European Union under Grant agreement ID 101112866. This publication was funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Climate, Infrastructure and Environment Executive Agency (CINEA). Neither the European Union nor the granting authority can be held responsible for them.

# Agenda

1

Introduction  
and warm up  
10min

2

Discussion  
sessions 1-3  
80min

3

Wrap up  
30min

Funded by  
the European Union

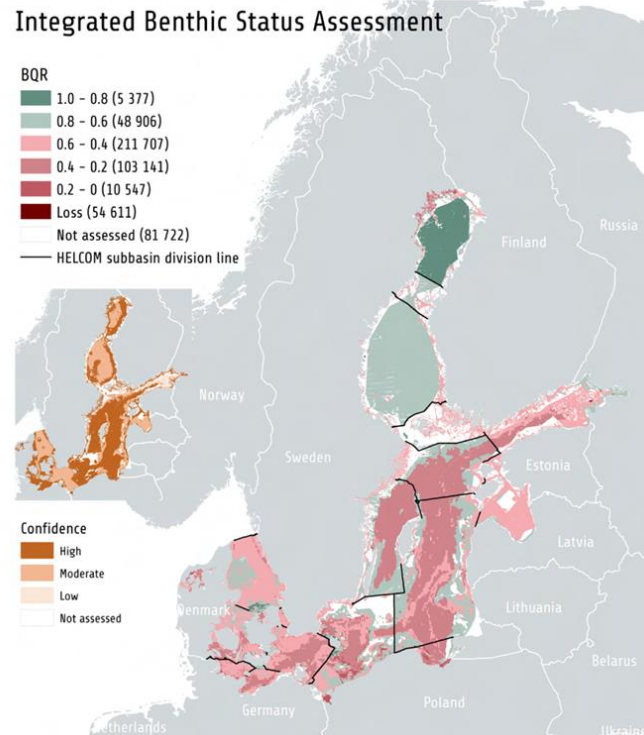

HELCOM

# Introduction

- The Baltic is in a poor state and is in need of restoration
- Action is being taken at different levels
  - Kunming-Montreal GBF and the UN Decade of Restoration
  - EU Biodiversity Strategy
  - Baltic Sea Action Plan
  - National programs
- The Protect Baltic- project was designed to facilitate the implementation of regional actions in the Baltic Sea Action Plan.
  - Restoration Toolbox
  - Regional Restoration Action Plan

State of the Baltic Sea 2023

# Introduction

## Restoration toolbox

- To support Baltic countries in restoration activities, outlining best practices and methods.
- Will contain information of the most suitable restoration methods for different habitats, step by step guidance for restoration processes and key aspects to consider

# Introduction

## Restoration Action Plan

- A regionally adopted Action Plan for restoration including regionally agreed (qualitative and quantitative) targets and prioritizations for restoration.
- A plan on a Baltic Wide scale, supporting national, regional and global goals.

## Warm up

Slido: Participants can join at [slido.com](https://slido.com) with #Restoration

What are your expectations for this workshop?

How many years have you been involved in the field of restoration?

# Discussion sessions

Miro ([https://miro.com/app/board/uXjVNpHQVyE=?share\\_link\\_id=974173412767](https://miro.com/app/board/uXjVNpHQVyE=?share_link_id=974173412767))

The Miro will proceed from left to right. Everyone will work on the same board.

The first (above) section will include space for collecting views and the second (below) section for collecting the main points (1-3) per group. Views and main points are collected on the sticky notes.

We need one per group to volunteer to take notes (laptop needed!) and report back to the wrap up with summary of main points.

There are no right or wrong answers at this stage and everyone's views matter!

# Discussion sessions

## Session 1 (20min)

- 1. In what way is marine restoration relevant to you?*
- 2. How can/could marine restoration efforts impact you/your organization (in both a positive and/or negative way)?*

# Discussion sessions

## Session 2 (30min)

*3. In your opinion,*

*a) what is a restoration toolbox? ,*

*b) what type of information should a "restoration toolbox" contain? ,*

*c) what would be the most useful format for disseminating the restoration toolbox?*

# Discussion sessions

## Session 3 (30min)

*4. What should be prioritized concerning Baltic Sea marine restoration actions in your view?*

*5. In your opinion, what are the bottlenecks concerning different aspects of restoration?*

# Wrap up

Main points per group (3min), with possibility for other to reflect (2min)
